TimeCoder™ **Pro** 5

Deposition Synchronization Software

TimeCoder Pro is inData's popular video and transcript synchronization software. Widely used by legal videographers, court reporters, and law firms, the software automatically synchronizes transcripts and video depositions using advanced speech and pattern recognition technologies.

Imagine... in just an hour, you can synchronize up to 20 hours of deposition testimony! Not only is TimeCoder Pro faster than ever before, but it also gives you full control over your synchronization projects.

TIMECODER PRO PUTS YOU IN COMPLETE CONTROL OF THE SYNCING PROCESS

> **Control** – process transcripts in-house. No data goes out of your office or offshore and you'll always know the status of a sync job

> **Complete Job History** – available online for all jobs processed, including time and accuracy statistics

> **Marketing Tools** – create client loyalty and reinforce your branding by distributing videos on a DepoView DVD. You can even personalize the main menu of DepoView DVD with your company logo and contact information. Also, take advantage of inData's customizable brochures and mailers available exclusively to TimeCoder Pro clients.

"Having spent the past 2 months running hundreds of hours of video through TimeCoder Pro 5, I can say without question that you have a true WINNER on your hands."

**Richard E. Katz, Esq.**
President/CEO
Katz Consulting Group, LLC

"The RapidSync feature in TimeCoder Pro is amazing!!! I synchronized a 9 hour deposition with minimal QC effort in 45 minutes."

Mark Fowler
Litigation Support & Multimedia Specialist
Whetstone Myers Perkins & Young

Multiple Sync Options

With TimeCoder Pro, you have multiple synchronization options. Choose the sync process that works best for you on a case-by-case basis.

❯ **RapidSync®** – Automatically synchronizes transcripts and video on average *20 times faster* than realtime!

❯ **Send to inData** – Too busy or have a large job requiring quick turnaround? **Upload** your files directly to inData from within TimeCoder Pro, and our experienced technicians will quickly synchronize and Q/C your transcript. inData will return it to you ready for export with a 100% satisfaction guarantee.

❯ **AutoSync™** – Automatically synchronizes 2-3 times faster than realtime.

❯ **Manual Synchronization** – Always an option and at no additional cost to you.

TimeCoder Pro 5

EXPORT DEPOSITIONS TO INDATA DEPOVIEW DVD

After you've synchronized video depositions in TimeCoder Pro, export them to a DepoView DVD. Your clients will love the convenience and ease-of-use that DepoView DVD offers.

With DepoView DVD, your clients can review video depositions and associated transcripts on a standard DVD player or personal computer. Utilizing patent-pending technology, DepoView DVD is the only product that displays the full transcript in addition to the video footage on a TV.
