Improved Tracking Capabilities

You Can Now Track Transcripts By:

- › Matter Number
- › Case Name
- › Client ID
- › Job Number
- › Office Location
- › Reporting Firm

The “Create a New Digital Video Transcript” dialog allows you to manually enter data or choose an option from the dropdown pick list.

Set Up A Common Network Path

Change the data path on all of your TimeCoder Pro machines to a common network path and work simultaneously with all of the projects added from any of the machines in your network. This is extremely helpful if you have a tight deadline and need multiple people to work on the same deposition.

Use your smartphone camera to visit our website and learn more about the all new TimeCoder Pro 6!
