TrialDirector® 6
Trial Presentation Software

Imagine your next trial... the jury hangs on your every word. Your organized, insightful presentation has never been better. You confront the opposition's witness with impeaching exhibits. You're using TrialDirector!

Every day, attorneys and litigation support professionals are adopting TrialDirector trial presentation software to organize exhibits and depositions, prepare their cases for trial, and enhance their case presentations. They know that TrialDirector is 'rock solid', adaptable, and won't let them down in court.

FOCUS THE JURY'S ATTENTION WITH:

- › Side-by-side exhibit comparisons
- › Sophisticated annotation tools
- › Witness video clips, and more

TrialDirector Features Summary

Transcript Management

- › Save and print searches
- › Issue-code transcripts and print associated digests
- › View linked exhibits
- › Print condensed transcripts with word index

Video Management

- › View video depositions of witnesses and parties
- › Create focused, insightful video clips for use at trial
- › Synchronize a video deposition to the transcript text
- › Generate designation reports and video clips for the court

Document Management

- › Pack up your entire case and then simply unpack it on your laptop for trial
- › Create witness and trial workbooks
- › Create and print exhibit/trial exhibit lists

Trial Presentation

- › “Tear out” a section of a document to focus the jury's attention
- › Present exhibits in a side-by-side comparison
- › Play a witness' video deposition with or without scrolling transcript text
- › Display a section of the transcript, to emphasize contradictory deposition testimony
- › Overlay exhibits - great for comparing authenticity of a signature

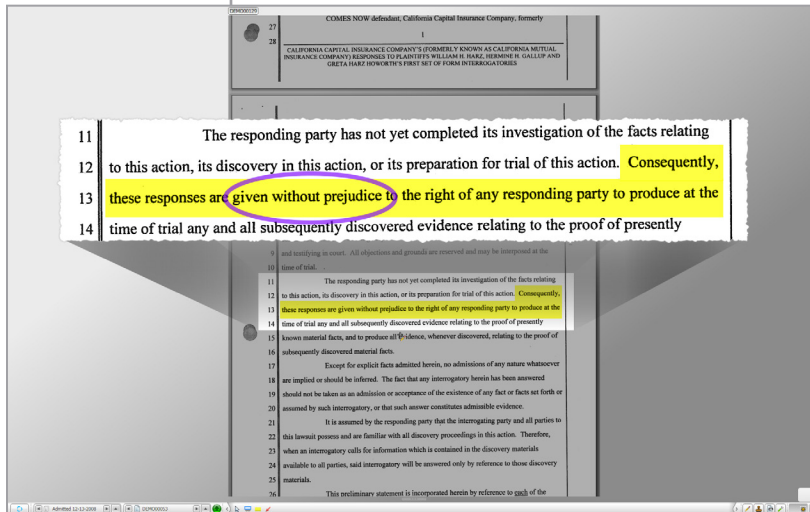

TrialDirector is simple to learn and simple to use. A 'must have' for any attorney who prefers to pay attention during trial instead of fumbling for his next exhibit.

Scroll Between Page Breaks

Need to reference a deponent's answer or paragraph in a document that goes onto a second page? Now you can display consecutive pages of a document in a continuous flow.

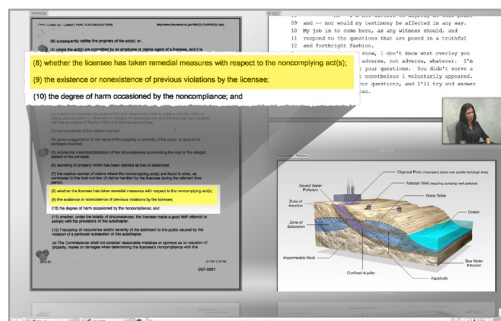

Clip Editing

With TrialDirector 6, clip creation and editing is easier, faster, and more streamlined.

New Presentation Mode

TrialDirector's sleek, dynamic display bestows an unparalleled juror experience. Users can now choose a theme and customize their presentations. New effects such as spotlights, reflections, smooth transitions and more provide a sophisticated, persuasive presentation.

Zoom In On Videos

To further enhance your presentation you can now zoom in or call out portions of the video during playback.

Exhibit Lists

TrialDirector now has the ability to print and export exhibit and trial exhibit lists.

Reconnect Missing File Links

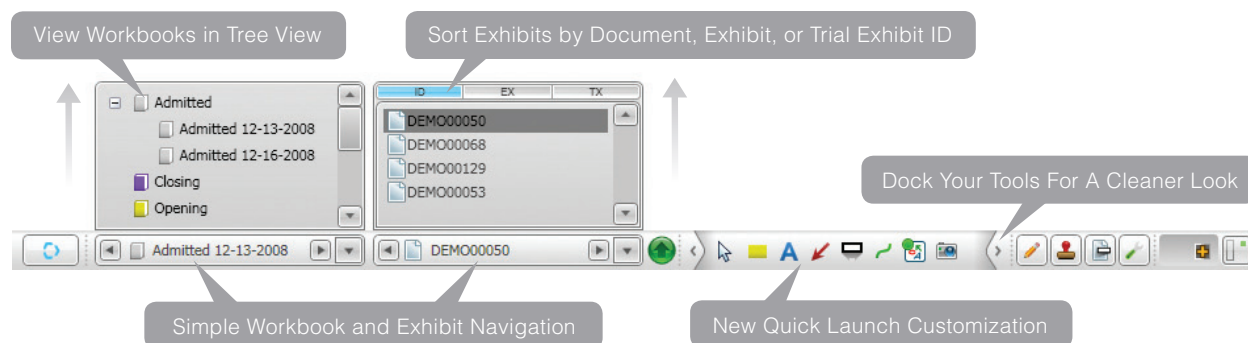

The new Reconnect Missing File Links feature identifies missing files and enables you to quickly reconnect them.

Save & Print Search Results

You can now save key word searches performed on transcripts for review at a later date. You can also print to a printer, .pdf, .html, .doc, or .txt file.

Presentation Toolbar

The new toolbar has been completely re-designed from the ground up giving users more flexibility and ease-of-use during trial. New enhancements and greater functionality will improve your presentation.

Evaluation Software Available

See for yourself why successful litigators love TrialDirector. Try a complimentary evaluation version of the software.

To download your evaluation license today, visit www.indatacorp.com. Or call an inData representative at 800-828-8292.

Price

Single-user licenses of TrialDirector start at \$695, plus maintenance. Special savings are available for enterprise license packages, which provide unlimited installations of TrialDirector for your firm. All purchases of TrialDirector come with a thirty (30) day satisfaction guarantee.

Product Integration

TrialDirector integrates with other popular litigation software programs, such as Summation iBlaze®, Summation Enterprise®, Microsoft® PowerPoint, and more.

Also:

- Streamlined Installation Process
- PDF & Native File Support
- Easier Mass Deployment

Recommended System Requirements

- Intel® Core™2 Duo Processor 2.0Ghz (or better)
- Microsoft Windows® 7
- 4GB System RAM
- 256MB Display Graphics RAM
- 1280 X 1024 Display Resolution at 32 bit Color Palette
- 8x DVD Recordable Drive
- Sound Card and Speakers/Headphones (Required for audio/video functions)

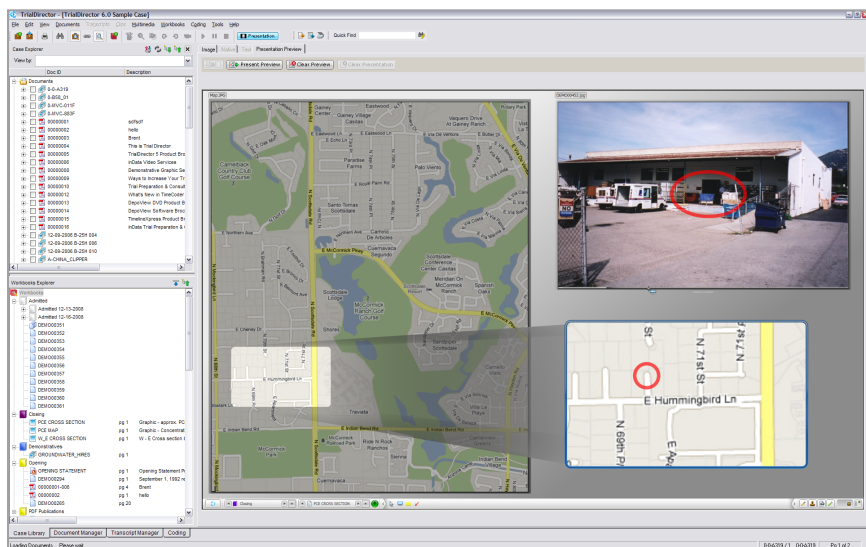

Mirror Mode

The Mirror Mode feature is amazing! You can display realtime changes to your presentation monitor right from your Presentation Preview. This feature allows you to create a seamless and smooth transitioning presentation without the distraction of mouse movement or exhibit navigation.
